

**CITY OF SANTA BARBARA WATERFRONT DEPARTMENT**

**MEMORANDUM**

**Date:** January 19, 2017  
**To:** Harbor Commission  
**From:** Scott Riedman, Waterfront Director  
**Subject:** **Cabrillo Boulevard Bridge Construction Update**

---

**RECOMMENDATION:**

That Harbor Commission receive a presentation from the City of Santa Barbara Public Works Department on the status of the Cabrillo Boulevard Bridge Replacement Project.

**DISCUSSION:**

The City of Santa Barbara Public Works Department hired Lash Construction to replace the Cabrillo Boulevard Bridge over Mission Creek. Construction began in 2015 and is scheduled for completion this spring. Waterfront staff has worked closely with Public Works to maintain access to Stearns Wharf and the harbor during construction. A representative from Public Works will provide an update on the project.
